

SEVA ANNUAL REPORT 2014-15

INTRODUCTION

We started our long journey to eradicate Poverty, Ignorance and Apathy from a mud-hut in a village Atghara, Baduria Block, North 24 Parganas almost three decades ago.

We earned rich dividend in experience. Voluntary Sector very often works within an insular cocoon of their own. We are different.

There are many studies which have shown the relationship between T.B and Poverty. Data shows a positive correlation between Poverty and the Self –Reported prevalence of T.B in India. As per latest WHO estimates, about (2.2) million new cases and Three lakh (3) deaths are occurring annually in India. Thus, about three Lakh deaths are occurring annually in India. Thus, about three people are dying of T.B every five minutes.

It is estimated that 40% of the India population is infected i.e. four hundred (400) million people. Even with a conservative estimate of 10% risk, nearly (40) forty million (40) are likely to develop T.B in their life time.

Then, we have a great responsibility and greater challenge. Along with facing other problems. SEVA staff at a time, for hearing each other, absorbing, adjusting and readjusting to the idea of fighting PIA, have also to sensitize themselves of fighting all type of diseases. Our report reflexes this pledge, this commitment.

[A Project of SEVA]

AGRICULTURE

In all our previous Annual Reports we have already referred to the crisis that the agricultural scenario in India is facing today. The future of agriculture is not being very hopeful for a country like ours, where the farmers are predominantly small and marginal or landless. Introduction of newer seed technologies are also a looming danger. We from our side are spearheading a number of initiatives to discuss the relevant issues in all the forums – be it policy makers or the implementers. Our activities will corroborate our ideas.

No tillage Crop Cultivation

Regular one hundred thirty six (136) women farmers from seven (7) villages practicing this method and producing various vegetable.

Relay Cropping Vegetables

Two or more vegetables are cultivated at the same time. We utilize the nutrition available from the soil at different levels. Forty Seven (47) Women farmers and 85 other farmers are practicing this method.

Relay Crop Field

In this method field crops like Jute, pulse, coriander or oil seeds are sown before the main crop of Aman paddy is harvested. This year one hundred sixty (167) farmers have adopted this method on 30.5 hectors of land and they got satisfactory result.

Nutritional Garden

This is similar to kitchen garden. One Hundred Sixteen women farmers have made nutritional gardens their home stead land of our Project area. The total area covered was 0.40 hectare and 1528.5 kg of vegetables were produced during Kharif and Rabi season, the market value of which was Rs. 13752/-.

This enabled the women farmers to augment their daily intake of vegetables in their normal meals. Some have also sold a part of it and obtained good pocket money.

Mixed Cropping of vegetables

Two or more vegetables are cultivated in same land in same time. Regularly Twenty Two (22) farmers do practice this method.

Demonstration on mixed cropping of vegetables is given bellow: -

Greening India Programme

This Programme ensures plantation of various trees to increase the green covers on the land. Apart from mitigating the effects of climate change, these trees also help to augment the families' income. We have distributed 14154 nos of miscellaneous plants and 900 nos of fruit

plants among 109 farmer's family. Also we have Permanent Nursery at Vikas Kendra campus. This year we raise 6000 nos Lambu-Mehagini & 1500 nos of Rain tree at our own Permanent Nursery.

Vermi Compost:

Vermi Compost is an unique bio-fertilizer, ever, used in agriculture and famous for less input with maximum output formula. The existence of earth worm, which makes soil more fertile, gets hampered due to chemical toxicity in soil. Twenty One (21) farmers of three villages in making vermin-compost. So that they use it in cultivation properly. They produced 3541 kgs. of vermin compost worth Rs. 35410/- during the year. Our organic farmers Liakat Biswas and Nirapada Biswas got subsidy for vermin bed making from ADO, Baduria this year with the help of Vikas Kendra.

Organic Jute:

This is the 7th year of the programme. Jute happens to be a major crop for the farmers of West Bengal. Gunnies and other packing material made out of natural jute fibre started loosing market in the face of synthetic alternatives. These had resulted in the decrease in the demand of nature fibre. All the concerned people were looking for avenues to obtain some value added items which could have wider acceptance from the

. Jute fibre produced organically i.e. not using any chemical fertilizers or poisonous insecticides commands a better price in the international market.

Central Research Institute for Jute & Allied Fibers (CRIJAF) has been very very helpful in formulating various strategies to alleviate the condition of Jute farmers in West Bengal. CRIJAF had put us in touch with Ganges Jute Pvt. Ltd who acted as our private industry partner in carrying out organic Jute initiative. Vikas Kendra has organized some training programme with the help of CRIJAF is given bellow:-

Case Building:

We have four (4) nos. of Case Building exercise. It is a new idea. Last few years we have highlighted case studies which were success stories. But case building is a success & unsuccessful story. Case Building exercise has some difficult steps. At first we have collected cases then analyzed that and find out the direct cause, indirect cause & stakeholders who are directly or indirectly involved with this case. After that we have prepared a Action Plan & Advocacy tools. According to this we have organized some programmes.

Home Visit:

We have completed 1200 nos. of home visits for promotion of Integrated Management of Neo-Natal and Childhood Illness (IMNCI), i.e. Breast Feeding, Diarrhoea etc. At the time of home visit we have also discussion with mothers regarding Nutritious Food, Personal Health & Hygiene and Sanitation.

Homeopathy Clinic:

Vikas Kendra rendering health services to community people through Dr. Arun Sen Memorial Health Clinic. Dr. Pranab Chowdhury, DMS, treated 1271 nos. of patient. Details are given below:

First Aid Service:

We have given First Aid services to 47 nos. cases & 34 were given Tetanus Toxoid injection.

SISHU VIKAS KENDRA

The objective of Sishu Vikas Kendra (SVK) is to impart pre-primary education to the distressed rural children and upgrade them mentally and be able to sustain educational pressure for the next higher classes.

After completing pre-primary education, we take them for admission in the nearest primary school and private missionary schools. This year 5 children were enrolled in the local primary school.

We took up the work of Child Development Centre not as a base point of education but as the platform to start with building mental set up to hold basic responsibilities. Keeping it in point of view, our teachers are advised in taking care of SVK children and they are doing their best in doing so and at the same time developing hearty relationship between local youth and our centre's. They arrange monthly meeting with the mothers and also other programmes for them.

Guardian Meeting:

Monthly meeting of guardians with the guardians of SVK children is a very important step in this direction. During this year 12 guardian meeting took place in our SVK Centre. Subjects discussed in the meetings were on Child Care, Food & Nutrition, Kitchen Garden, Family Planning, Immunization, Discipline, First Aid, Utility of Medicinal Plants, Importance of Cleanliness and Child Education. Details are given below:

Home Visit:

The teachers have done total 318 visits during the year to the houses of children our SVKs. The main purpose of such visits was to ensure regular attendance of children in school and to have personal interaction with the mothers to share their family problems, discussion on improvement of health, ailments and the remedies with the family members.

Annual Sports:

Games and sports play important role in the making body and mind healthy to every human being. We organize annual sports every year for our SVK children and associate members. This year the event took place at Centre SVK on 28th January'2014. SVKs current and ex-students, their mothers and the committee members participated in the sports events.

Annual Picnic:

All the SVK children along with the teachers participated in the annual picnic held in 28th December'2013. Mothers and committee members also joined the happy occasion. The programme was a source of fun, joy and a feeling of togetherness for the children.

Observation of Memorable Days:

Days of National importance and relevance in our life, Independence Day, Republic Day, Netaji's Birth Day, Rabindranath Tagore's Birth Day and Rakhi Bandhan Day were celebrated with great honour and respect.

WOMEN HELP LINE

The Central Government has introduced Help Line or Help Phone in West Bengal to assist the helpless and endangered women.

Help Line has been introduced in „Kolkata“ & its surrounding areas also. If women are in danger on the road this phone may be of great help to them. The people of voluntary organization will come forward to help the endangered & helpless women if the scheduled numbers are dialed. The arrangement for taking legal action by law & the police will also be available in this regard & all the expenditure is borne by the Human Resource Development Department of the Govt. of India. The Help Line numbers of the voluntary organisation are 10921, 10922, 10923, 10924, 10925 & 10926. The Help Line number of Kolkata Police is 1091. Women Help Line services started at Vikas Kendra from April 2004, with the toll free number of 10926. The Department of Human Resource Development has directed to handle cautiously, each case in the village area & they are also under the women Help Line scheme. The following issues are under the case of the Department of HRD of Govt. of India.

- *Any disturbance on road during travelling.*
- *Victim of Deprivation.*
- *Emotional problem.*
- *Social oppression.*
- *Accidental cause in family.*
- *Driven away from family relatives.*
- *Forceful Divorce.*
- *Inability in returning to family after being released from imprisonment.*
- *Become homeless due to natural calamity.*
- *Forced to be engaged in sexual activities illegally.*
- *Sexually tortured or abuse.*
- *Without getting any help from family & victim of tension.*

- *Mentally handicapped / retarded.*

Help Line Work Methodology:

- Help Line team believes that every person in need who contacts them is important. A woman may call the centre just to ventilate or for any kind of immediate help. Thus each call needs to be attended with due care.
- Help Line is a participatory intervention process of finding solution to individual problems & solutions must not be imposed upon the clients.
- Help Line is a strategy to network with other organizations in order to provide required help to the needy.
- Follow-up is done by making regular calls to referral organization to review the case & by involving allied organizations for keeping personal contact.
- Regular contact is maintained with telephone department to ensure that the telephone lines are in order.
- Regular meetings are organized with resource organizations for updating the date bank for referral services.
- Documentation on the experience of the Help Line.

It is to be ensured that appropriate level of confidentiality is maintained in each case.

The women Help Line was established in April 2004. The Toll Free Phone Number in Habra Telephone Exchange is 10926 & other is (not toll free) 03216-220635.

This Women Help Line at present is consisting of two members & their service is available for round the clock. The name of Help Line Counselor is Ms.Shabari Sanyal (M.S.W.),

Despite tremendous pressure on our limited fund, SEVA of its own is funding the Help Line presently, realizing the positive impact the Help Line.

During the year 2013-2014 we have got 59 cases out of these, 32 cases we have been able to close by reconciliation, 10 cases were referred to Legal Aid, 4 cases were referred to Police Station, 2 case referred to Short Stay Home & 3 cases were closed by Mutual Divorce..

Case History - 01

Name of the inmates : Rejina Khatun
 Father's Name : Rashid Ali
 Mother's Name : Asaran Bibi
 Address : Vill - Barmallika, P.O. Golabari Bazar, P.S. Sasan, North
 24 Pgs.
 Educational Qualification : Class - III
 Age : 12th Years
 Date of Admission : 14.11.2012
 Date of Release : 01.01.2013

Rejina Khatun is a lovely daughter from a minority community family. Love and affection were unknown to her. She is a product of border town, Basirhat. She was determined to explore new shore. She left without telling anybody to Sealdah Station. She could not reach there, she drew the attention G.R.P Basirhat, Via Child Line of the District, and she reached our abode. We could locate our family. She stayed with us almost an year. We could put her in class - III in local Primary School, and then she stayed with us. Finally we could trace the address of the parents of Rejina.

At Last on October'2013 we could reach Regina to her parents. The reunion made all happy. The family expressed good wishes for Ananda Kendra. We hope Regina will be a productive member of the society.

Case History - 02

Name of the inmates : Payel Das
Father's Name : Tapas Das
Address : Vill - Sanrapul, P.O. Sanrapul, P.S. Swarupnagar, North
24 Pgs.
Educational Qualification : Class - II
Age : 13+ Years
Date of Admission : 14.08.2013
Date of Release : 15.02.2014

The story of Payel is unusual. Her father married twice and mother married four times. Never knew what affection is. She wanted to escape the torture from her second mother. In her effort to escape the drudgery of life, she reached local Police Station, Habra and through Child Line she reached us on August 14, 2013. She stayed with us nearly half a year. We could locate the family and her father fortunately agreed to take her back.

We wish the restoration will be peaceful and family members will extend affection to this unfortunate girl. We are happy that we could play another constructive role.

DHARMAGOLA

Dharmagola is community grain storage, it was established in 1990. The concept of Dharmagola is "To Stop Distress Sale". When Marginal Farmers & Small Farmers are producing grain in their own field, at the same time they bring huge production in the market. Then market price goes down and middle men take opportunity. To Stop Distress Sale we purchase the grain in that time at market price, from marginal & small Farmers. It is under Atghara Consumer's Cooperative Society Limited.

Vikas Kendra came in existence in 1985, during first years in fighting Poverty, Ignorance and Apathy; a realization came to build a Dharmogola. It is an old concept to make a common warehouse based on trust and ethics. The concept was to when the price will go down the village products to be purchase by Dharmagola, when it will go up products to be sold with a better price. Profit will plough back to the producers. It is under supervision of Atghara Vikas Consumer's Cooperative Society Limited.

This year we have purchased 21823.5 kgs. of Paddy (12698.5 kgs. Boro & 9125 kgs. Aman). We have sold Paddy and got profit Rs. 20034/-. 50% of the profit amount i.e. Rs. 10017/- we have already distributed among farmers.

Atghara Vikas Consumer's Cooperative Society Limited got the registration dated 13.03.2013 from ARCS office it is under Cooperative Society Registration act.

We have started a Grocery Shop from November'2013. Our Co-operative is gradually gaining ground. Sales figure is increasing, month by month.

The following figures stat the actual position.

2013 November -	Rs. 62423.00
December -	Rs. 43014.50
2014 January -	Rs. 28917.00
February -	Rs. 53466.50
March -	Rs. 69507.50

Total Rs. 257328.50

MANAB JAMIN**[A Project of SEVA]**

Manab Jamin project has now completed sixteen years of its service in Bolpur-Sriniketan Block of Birbhum District of West Bengal. Manab Jamin is working in 3 blocks of Bolpur Sub-Division under Birbhum District. These are Bolpur-Sriniketan Block, Illambazar Block and Labpur Block. The Project area are rain fed mono-crop area. Manab Jamin project is located in the arid zone of West Bengal. The soil is Red Laterite along with Vindhya-alluvial soil at places. The landscape is undulating. It rained when it was not expected and did not rain when it was expected. The temperature was very high during the summer months. The winter was mild but had severe

cold. Occasionally Soil erosion is very high. Manab Jamin is working for the Scheduled Caste, Scheduled Tribe and under privileges section people of the community.

Commercial Vegetable Cultivation organically by SHG women

This is one of the income generation programmes for the SHG women. The SHG women have been trained on vegetable cultivation organically. The women sold their product at local market. During this year, Manab Jamin had organized 2 nos. of trainings on vegetable cultivation organically by SHG women where 25 women of 4 SHG participated. 5 women of 2 SHG namely Hopon Buru of Paruldanga and Kalimata at Kankutia under Manab Jamin Project area implemented this programme. Hopon Buru SHG of Paruldanga had cultivated at the bank of Mayurakshi Canal and Kalimata SHG of Kankutia had cultivated at the waste land.

Promotion of Kitchen Garden

This is one of the popular programmes of Manab Jamin where the women of had demonstrated this programme. The main thrust of this programme is to propagate the home stead kitchen garden which would be source of nutritional supply of the family as well as secondary source of earning the pocket money. This year, Manab Jamin supplied seed and seedling in three times in a year that is in rainy, winter and summer season. The women have used only organic manure and homemade organic pesticides. During this year 242 numbers of women have demonstrated the kitchen garden programme in 11 villages and 7 types of seeds had been distributed to promote the kitchen garden. The production of vegetable has enriched their diet. In some cases they have earn some money by selling a part of the extra production.

Turmeric Demonstration programme

This is one of the important programmes for Women of Manab Jamin Project area. To encourage the village women, turmeric cultivation programme was under taken during this year.102 kg of turmeric seed had been distributed among 51 farmers and SHG members of 7 villages under Manab Jamin project area. Each farmer has received 2 kg of turmeric seed.

Papaya Seedling Distribution

To support food and nutrition of the people of economically weaker section papaya seedlings had been raised. During this year 2000 papaya seedling had been raised at the Manab Jamin campus. It had been distributed among the members of Eco group, SHG members, villagers etc.

Back yard Orchard

This is one of the popular programmes of Manab Jamin. Every year, Manab Jamin has distributed fruit trees among the villagers of Manab Jamin. These were distributed to the villagers from its inception. The main motto of this programme is to increase fruit plant population and develop the green area as well as to improve the nutritional status of the villagers. During this year Manab Jamin has distributed 1318 no of fruit trees among the villagers of MJ project area. The details are given below:-

Greening India Programme

This programme supported by the Japanese Business Community and Facilitated by Tagore Society for Rural Development. The objective of this programme is to create awareness and demonstration among the villagers on the need for plantation for trees and increase plant population & green area. During this year we distributed 3475 seedlings mainly fruit plants in 12 villages. It's covered 9.66 ha of land.

Support of International Centre for Agricultural Research in Dry land Areas

During this year, Manab Jamin had distributed the special variety of lentil seed (Certified, Foundation, Breeders) among the farmers of Manab Jamin Project area. The idea of this programme is to reduce malnutrition as well as to improve the economic condition of the farmers through the cultivation of lentil cultivation. It is also to reduce the labour migration and improve the soil fertility. Manab Jamin had got support from International Centre for Agricultural research in Dry land Areas (ICARDA to implement this programme.
